Details of Resource Person:

Mr. Ram S Jeevan Chintalapati, has over 12 years of teaching and training experience in the field of education. Started career in 2004 as a freelancer to teach English Language in Pollocks & VT educational institutions in Visakhapatnam. That valuable journey continued till 2006 and ignited the passion to take up new avenues & challenges in the areas of Verbal ability, Soft Skills and corporate communication. With that idea started a training and knowledge transfer academy by name FUTURE KRAFT and achieved a great success by enhancing verbal aptitude and soft skills among corporate aspirants. In this process recruited huge number of trainees in corporate companies through direct and campus recruitment. Took a professional exit from CONDUIRA Education & Training Services in 2015 where I worked as a Regional Head for Training and Marketing. Currently conducting training programs in various Engineering & MBA colleges on Verbal ability, soft skills, Corporate & Business communication, Voice & Accent etc

Event Description:

This workshop was a one day meeting, gathering stakeholders from the research, technology transfer and innovation ecosystem, including academic researchers, academic publishers, large research organizations, representatives from technology transfer offices and experts on academic research. The workshop aimed to bring together a wide range of expertise to answer the following questions:

- How do you strike the right balance between IPR protection and Open Science?
- How do you achieve the proper balance between the need to freely access data and the need for copyright protections?
- What is the best governance structure and copyright model for the future?

Details of Resource Person:

Professor Dr. Amjan Shaik, associated with BVRIT, Narsapur, as a Professor, Department of Information Technology. He has recognized for outstanding organization skills, creativity, public relations and an ability to consistently exceed expectation. He has over 17 years of experience in Industry, Teaching, Student Management and General Administration. He has hands on experience and skill in developing curriculum to accommodate different learning styles and maximizing student's comprehension. He is an accomplished Administrator, Professor, BOS member and Principal with expertise in higher education and demonstrated success in the development of students. He is a highly motivated team leader with strong communication and people management skills. Dr. Amjan Shaik has developed new Coupling and Cohesion Metrics to forecast defect proneness in object oriented systems in the field of Software Engineering. He promotes the exchange and mutual enrichment of knowledge by delivering lectures in various National, International conferences and workshops. Dr. Amjan Shaik acted as a chair person for several conferences.

Event Description:

The Career Shaping and Steering your Career Path workshop is aimed at providing professional advice on what your career options are and hands-on mentoring on how to make it on your chosen career path whether in academia or on the wider market or both. Such an approach will allow making informed strategic choices on how best to shape and steer your career path. In addition, students will also receive in-depth career mentoring about the wealth of alternative career paths that are open both the private and public sectors. Importantly, resource person explored and analyzed the core competencies that employers want from a perspective researcher or employee. Identified core competency gaps, analyzed CV and identified problem areas.

---	--	--

Event Description:

Everyone wants quality; however, quality means different things to different people. Some people view it from a consumer's point of view, while others view it from a supplier's. In essence, the perception of quality is one that meets the needs of the person seeking it. Once quality has been defined, management needs to take three steps to ensure the successful implementation and maintenance of their quality process. Committing to, investing in, and maintaining a quality process directly involving the employees within an organization will assist in leading to a successful implementation. This seminar establishes employee empowerment, training personnel on quality processes, and instilling core values as solid foundations for successful quality within an organization. By comparing cultural practices and methodologies of Americans and Japanese, emphasizing the importance of training management and employees, and creating responsibility and trust as core values, the authors explore steps that create a successful organization. In essence, everything falls back on strong leadership in order to attain quality within an organization.

Sub: Budget proposal for Two Day National Level Workshop on Recent Trendz in Information Technology – Reg.

Sir,

Department of Computer Science and Engineering is planning to organize **Two Day National Level Workshop on Recent Trendz in Information Technology** on 07/Aug/2015 – 08/Aug/2015.

BUDGET PROPOSAL

The following is the approximate expenditure for the workshop.

Sl. No.	Name of the Item	Total Cost (Rs.)
1	Workshop Titled Flex Banners	600
2	Posters	500
3	Certificates	1800
4	Workshop Kit	3000
5	Honorarium to the Guest	14000
6	Refreshments	3000
Total		22900

Thanking You,

Yours Sincerely

M. Narendhar

Event Description:

The primary goal of this workshop is to assess the importance of organizational change & the shift of economic activity in Information Technology. The workshop covered: the Java & Oracle which is one of the most highly recognized credentials in industries. It addresses the knowledge and skill gaps which boost your confidence. Web Services is an application interface which share business logic, data & process through a programmatic interface across the network.

Event Description:

Analog Communication is a data transmitting technique in a format that utilizes continuous signals to transmit data including voice, image, video, electrons etc. An analog signal is a variable signal continuous in both time and amplitude which is generally carried by use of modulation. Digital communications is the physical transfer of data over a point-to-point or point-to-multipoint transmission medium. Examples of such media are copper wires, optical, fibers, wireless communication, media, and storage media. The main aim of this workshop is to make participants skill full and efficient on all the hardware and software related concepts for Analog and Digital Communications

Details of Resource Person:

Dr. V. Bhagya Raju is working as an associate Professor in the Department of Electronics & Communication Engineering, School of Engineering and Technology, Guru Nanak Institutions Technical Campus (Autonomous). He has more than 18 years of teaching experience. He obtained his B.E (ECE) from Vasavi College of engineering affiliated to Osmania University in the year 2000 with distinction. M.Tech (ECE) in the specialization wireless and mobile communications from JNTUH College of Engineering, Hyderabad in the year 2009. He obtained his Ph.D from JNTUH College of Engineering, JNTUH, Hyderabad in the year 2019 for his research contribution in the area of “Design of algorithms for multispectral image compression”. He has published more than 14 international journals, 4 papers in international conferences and 2 papers in national conferences. He conducted a couple of short term courses, Faculty Development Programs (FDP’s), seminars, workshops and delivered few expert lectures. He is expert at guiding projects for under graduate and post graduate students, guiding students for paper presentation, project exhibition and poster presentation.

Details of Resource Person:

Dr. Pradeep Kumar Yemula, is an Assistant Professor at Department of Electrical Engineering, Indian Institute of Technology Hyderabad (IITH). He has a Master Degree (2006) and a Ph.D (2012) from Indian Institute of Technology Bombay (IITB). His research areas include information architectures for power control centers, common information models, interoperability, demand response, and standards for smart grids prior to joining IITH. He worked as Assistant Research Professor at the school of Electrical And Electronics Engineering At Washington State University, WA, Pullman. He continues to be associated with ISGF and currently a member of Board of Governors (BoG). He has contributed in several publications of ISGF, technical papers in International Journals and conferences and also serves as the member of Editorial Board of India Smart Grid Bulletin. He is a member of power system control and associated communications (LITD 10) committee under Bureau of Indian standards (BIS). He is also a member of Indian national committee representing India, in the International Electro-technical Commission (IEC), Project Commitment (PC 118), on Standards For Smart Grid User Interface (SGUI). Apart from these activities he is passionate about teaching and enjoys delivering lectures to young engineers on core power system concepts and advanced smart grids concepts.

Event Description:

Electrical & Electronics Engineering Department has organized a Three Days Workshop on “MATLAB/SIMLINK: Simpower Systems application to Electrical Engineering” dated 01-09-2015 to 03-09-2015. The program is started with welcome note by the Principal Dr. Moinuddin K Syed followed by the lecture session. This workshop gives mileage and stretches the learning capabilities, rise over the curricular scholastics, make component, and acquire contemporary knowledge Match/ Simulink based Applications to Electrical Engineering. Though most curriculums designed by various Universities emphasize on simulation based learning Matlab/Simulink based imparting propelled us to come-up with thus wholesome workshop.

Sub: Permission to organize – One Day National Level Workshop on Applications of
Differential Equations – Req. – Reg.

Sir,

In accordance to subject cited above, I Mr. Dr. V. Venkat Reddy, Head of the
Department, Humanities and Sciences, here with this letter requesting you to give a permission
to organize **One Day National Level Workshop on Applications of Differential Equations on
18/Nov/2015**. I also request you to provide all the needed facilities.

Thanking you.

Yours Sincerely,

Dr. V. Venkat Reddy

Sub: Budget proposal for One Day National Level Workshop on Applications of Differential Equations – Reg.

Sir,

Department of Humanities and Sciences is planning to organize One Day National Level Workshop on Applications of Differential Equations on 18/Nov/2015.

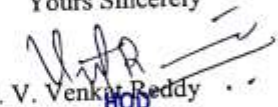

BUDGET PROPOSAL

The following is the approximate expenditure for the workshop.

Sl. No.	Name of the Item	Total Cost (Rs.)
1	Workshop Titled Flex Banners	600
2	Posters	500
3	Certificates	1500
4	Workshop Kit	4000
5	Honorarium to the Guest	6000
6	Refreshments	2000
	Total	14600

Thanking You,

Yours Sincerely

Dr. V. Venkat Reddy

---	---	--

Event Description:

Many of the principles in science and engineering concern relationships between changing quantities. Since rates of change are represented mathematically by derivatives, it should not be surprising that such principles are often expressed in terms of differential equations. Dr. N. Raju introduced the concept of a differential equation and discussed some important mathematical models that involve differential equations, methods for solving and approximating solutions of some of the basic types of differential equations.

Details of Resource Person:

Dr. N. Raju has completed his Doctor of Philosophy (Ph. D) in Statistics from Kakatiya University, Warangal. He has published seven National / International Journals and he also authored many books on statistics published on behalf Dr. B.R. Ambedkar University, Hyderabad. He is also an expert with Research Methodology and Statistical Analysis and Quantitative Analysis for Business Decisions, Statistical Methods and Computer Applications, Advanced Bio-Statistics and Research Methods.
