MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (here in after called as the 'MOU') is entered in to on this the 2nd day of January —Two Thousand Twenty (02-01-2020) & 19th day of April 2020 Two Thousand Twenty (19-04-2020) by and between

Scient Institute of Technology (Electrical & Electronics Engineering Dept. Ibrahimpatnam, Hyderabad, Telangana, the First Party represented here in by its Mrs. Syeda Ayesha Fatima (here in after referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include it successors—in-office, administrators and assigns).

AND

KG MECH ELECTRO MECHANICAL, PVT.LTD. the Second Party, and represented here in by its Zonal / Divisional Head, Syed Abdul Gaffar, (here in after referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party')as

WHEREAS:

A) First Party is a Higher Educational Institutionnamed:

Scient Institute of Technology

B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.

C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.

D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

E) **KG MECHE lectro Mechanical Pvt. Ltd–**, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of – *Civil, Electrical & Mechanical trades of Fabrication, Construction & Contracting Industry in terms of services including but not limited to Design, Drafting, 3D modeling, Site & QA/QC, etc.*

- F) **KG MECH Electro Mechanical Pvt. Ltd,**the Second Party is promoted by **KG MECH Group** having its diversified sectors in industry & Education including IAS, Groups, Engineering chapters, etc
- G) **KG MECH Electro Mechanical Pvt. Ltd,**the Second Party has multiple branches in India catering to the Industrial & Educational needs of Engineers

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1
CO-
OERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for oneanother.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the SecondParty.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological

up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

- 2.2 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.3 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.4 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.5 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.6 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.
- 2.7 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.8 There is no financial commitment on the part of the **Scient Institute of Technology**, the First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3
INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4
VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **KG MECH Electro mechanical Pvt.ltd.** the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **KG MECH Electro mechanical Pvt.ltd.** the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Scient Institute of Engineering
First Party

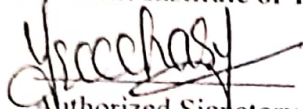

KG MECH Electro Mechanical pvt.ltd
Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Hyderabad.

Employability ■ Innovation ■ Excellence

Each student demonstrates strength of character and is college and career ready

Memorandum of Understanding

SCIENT Institute of Technology

PERIOD: Mar 2018 – Mar 2021

I. Background and Introduction

This document defines the relationship of the **SCIENT Institute of Technology** and **Vermac Labs a Initiative of Team247 Informatics**. **SCIENT Institute of Technology** mission is that each student demonstrates strength of character and is college and career ready. **CEIE** vision is to develop a highly trained students and an engaged community dedicated to educating each student for a 21st century, multi-ethnic, global economy.

The Center's academic program is designed to provide its students with education and training that combines rigorous academic and technical curricula focused on specific in-demand industries and careers that will increase participants' employability in high-growth, in-demand occupations and industries and prepare them for post-secondary education as well as support the science, technology, engineering and math (STEM) industry related occupations.

CEIE has built partnerships, bringing comprehensive resources and services in these key areas:

- Standard Subjective Advanced Academic Learning Programs
- Self-Paced Learning Management with LMS
- Work Based Learning Placement (WBL)
- Internship Opportunities
- Apprenticeship Opportunities
- Innovation Training & Capability Improvement Programs
- Entrepreneurship Learning Programs and Launch pads
- Research Projects & Funding Assistance
- Career Mentoring
- Hands-on Occupational Skills Training (OST)
- Job Readiness Skills Training
- Sustainability

I. Purpose

The purpose of CEIE is to develop highly trained students and an involved community dedicated to educating each student in the 21st century, multi-ethnic, global economy.

CEIE needs Institution support in these key areas:

- Attending Monthly standing status meetings
- Conducting Internship / Apprenticeship Campus Drives
- Providing required infrastructure as mutually agreed
- Career Mentoring – Staff Engagement support
- Work Based Learning Schedule Co-ordination
- Mutual Funding & Student Co-ordination in Participation
- Representation & Reciprocation with Valuable Feedback
- Cross Engagement Support during the need
- Talent Identification and Program Enrolments

CEIE's goal is to offer multiple educational and career pathways that help participants' transition into employment or post-secondary opportunities, such as higher education, long-term occupational skills training and/or apprenticeship.

Vermac Labs seeks to support the CEIE goals by agreeing to work together to accomplish the following goals: All signing parties agree with and support the **Institutional Improvement and Student empowerment initiatives**, which strongly aligns with the CEIE vision for **SCIENT Institute of Technology**.

II. Core Elements of the SCIENT Institute of Technology

- **Integrated Academic and Career-Focused Learning:** Grants will provide students with education and training that combines rigorous academic and career-focused curriculum to increase students' employability in in-demand industries and prepare them for employment, post-secondary education, long-term occupational skills training, or registered apprenticeships.
- **Work-Based Learning and Exposure to the World of Work:** Strong partnerships will provide work-based learning opportunities. In addition to actual work experience, youth participants will also participate in field trips, job shadowing, or other types of opportunities that provide students with exposure to different career paths and prepare them for the world of work.
- **Robust Employer Engagement:** Employer partners will provide work-based learning and mentoring, creating a path for students to in-demand industries and occupations including those in information technologies, advanced manufacturing and other science, technology, engineering and math (STEM) fields. Employers will also work closely with schools on professional development and training for staff to drive the sustainability of the program over the long term.

- **Individualized Career and Academic Counselling:** As an integral part of the program design, students will be provided with individualized career and academic counselling experiences to strengthen their career and post-secondary awareness and explore opportunities beyond high school.
- **Integration of Post-secondary Education and Training:** Students will participate in education and training, while they are still in high school that leads to credit toward a post-secondary degree or certificate and an industry-recognized credential, where appropriate.

III. Responsibilities of Parties

All Signing Parties agree and understand the following:

1. **Vermac Labs, SCIENT Institute of Technology (CEIE)** will administer the Grant as fiscal agent and oversee all Implementation Grant activities and adhere to all guidelines for grant utilization given by the grantor and the Vermac Labs.
2. Each signing party is committed to sharing project data and measures of progress on indicators with each other and with evaluators, within all applicable rules and regulations protecting individual rights.
3. Each signing partner is committed to assisting with developing an effective sustainability plan that will a) focus on professional development during the grant period (b) a plan that outlines how the program will be designed to build capacity and continue to provide the same level of instruction and support to participants whose participation will extend beyond the grant period.

V. Period of Performance

The period of performance is 2 year for performance Improvement and 3 years for student empowerment Planning Grant with an anticipated start date of April 1, 2018. This performance period includes all necessary implementation and start-up activities, with a nine-month planning and implementation period for grantees starting programs in the academic year 2018.

VI. Amendments/Modifications

From time to time, **SCIENT Institute of Technology**, CEIE and **Vermac Labs** may mutually consent to changes in the **Scope of Work** or any other aspect of this Agreement. Such changes shall be incorporated in written amendments to this Agreement and signed by the duly authorized representatives of all parties. This Agreement may be modified only by a formal, written modification signed by authorized representatives of the CEIE and **Vermac Labs**. All changes to the **Scope of Work** and/or any other aspect of this Agreement shall be agreed upon and mutually accepted via contract amendments executed by the CEIE and **Vermac Labs**.

VII. Access to Applicable Records

Vermac Labs agrees to preserve all its records for three (3) years after the completion of the grant under this Agreement and further that any specifically authorized representative of the CEIE shall have access to and the right to examine any directly pertinent books, documents, and records of **Vermac Labs** involving transactions related to this Agreement.

VIII. Right to Audit

Vermac Labs agrees to give the CEIE through any authorized representative, the right to audit all records, books, papers, or documents related to the Agreement for up to three (3) calendar years after the completion of this Agreement.

IX. Publication of Results

Should the parties to this Agreement decide that it would be advantageous to publish the results of this cooperative undertaking, the determination of same shall be made jointly and agreeable to each party. Publication by either party shall give proper credit to the other party.

X. Entire Agreement

This Agreement (and all documents incorporated herein) constitutes the entire agreement between the parties with respect to the subject matter and supersedes all prior and contemporaneous agreements, representations, statements, negotiations, and undertakings, whether oral or written.

IN WITNESS WHEREOF, the CEIE and Vermac Labs have executed this Agreement as of the date written.

MEMORANDUM OF UNDERSTANDING (MOU)

Hyderabad

Date: 10/09/19

This Memorandum of Understanding is made and executed at SCIENT Institute of Technology, Ibrahimpatnam, Hyderabad, on the 10th Day, September, 2019. This MOU signifies a statement of intent for collaboration between

PYRAMID EDUCATION & TRAINING SOLUTIONS, operating business at Bandlaguda Corporate Office, Hyderabad represented by Mr. Ram S Jeevan, CEO, herein after called the FIRST PARTY

And

SCIENT Institute of Technology, located at Ibrahimpatnam, Hyderabad, Telangana, is approved by AICTE, New Delhi & affiliated to JNTU, Hyderabad, represented by Dr. G. Anil Kumar, Principal, herein after called as the SECOND PARTY.

Parties and their intent:

- A) First Party (ULS) is a Corporate Training & Placement Consultant engaged in Campus Recruitment Training, Skill Development & Placement Services
- B) Second party (College) is a Higher Educational Institution committed in providing a holistic environment to their students for a greater learning & competency.
- C) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- D) The Parties intent to cooperate and focus their efforts on cooperation within areas of Campus recruitment training, and campus placements to the students.
- E) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- F) Give related information, its branches, and dimensional information about the industry concerned with which the MOU is sworn.

Pyramid Education & Training Solutions

Your Partner for Success

Nature of Relationship

- a) This MOU is for collaboration between both parties, for mutual benefit and B.Tech students' campus recruitment training.
- b) This MOU will be valid for 1 year from the date of signing and each party shall be at full liberty to terminate the collaboration with a notice period of 30 days.
- c) Both parties shall take all reasonable steps to ensure successful completion of the collaboration and also cooperate with each other in duly carrying out the obligation agreed upon.
- d) The second party shall provide all the necessary facilities such as infrastructure, food & accommodation to the training facilitators, network and internet access required for education and training purposes as the program is conducted in the college premises.
- e) The first party shall provide full length campus recruitment training for the eligible candidates and the data of such students to be shared by the Second party well in advance for structuring the activity in the best possible way.

Project Details:

- Project Title: "METAMORPHOSIS"- An integrated skill development training matrix
- Areas Covered: Communication skills, Soft skills & Aptitude
- Duration of delivery: 1st year 1st semester to 3rd year 1st semester
- First Year: Communication & soft skills
- Second year: Communication, soft skills & Aptitude
- Third Year: Communication, soft skills & Aptitude

Offerings & Deliverables by the First party

1. Strong training in enhancing communication & soft skills.
2. In-depth aptitude training to successfully clear preliminary assessments.
3. Company specific interview preparation & corporate branding.
4. Top quality material to extract the best outcome during the placement activity.
5. Highly professional and experienced training facilitators.
6. Enthusiastic team with detailed subject knowledge.
7. High end focus on the latest assessment patterns of top MNCs.

Each student demonstrates strength of character and is college and career ready

Memorandum of Understanding

SCIENT Institute of Technology

PERIOD: Mar 2018 – Mar 2021

I. Background and Introduction

This document defines the relationship of the **SCIENT Institute of Technology** and **Vermac Labs a Initiative of Team247 Informatics**. **SCIENT Institute of Technology** mission is that each student demonstrates strength of character and is college and career ready. CEIE vision is to develop a highly trained students and an engaged community dedicated to educating each student for a 21st century, multi-ethnic, global economy.

The Center's academic program is designed to provide its students with education and training that combines rigorous academic and technical curricula focused on specific in-demand industries and careers that will increase participants' employability in high-growth, in-demand occupations and industries and prepare them for post-secondary education as well as support the science, technology, engineering and math (STEM) industry related occupations.

CEIE has built partnerships, bringing comprehensive resources and services in these key areas:

- Standard Subjective Advanced Academic Learning Programs
- Self-Paced Learning Management with LMS
- Work Based Learning Placement (WBL)
- Internship Opportunities
- Apprenticeship Opportunities
- Innovation Training & Capability Improvement Programs
- Entrepreneurship Learning Programs and Launch pads
- Research Projects & Funding Assistance
- Career Mentoring
- Hands-on Occupational Skills Training (OST)
- Job Readiness Skills Training
- Sustainability

I. Purpose

The purpose of CEIE is to develop highly trained students and an involved community dedicated to educating each student in the 21st century, multi-ethnic, global economy.

CEIE needs Institution support in these key areas:

- Attending Monthly standing status meetings
- Conducting Internship / Apprenticeship Campus Drives
- Providing required infrastructure as mutually agreed
- Career Mentoring – Staff Engagement support
- Work Based Learning Schedule Co-ordination
- Mutual Funding & Student Co-ordination in Participation
- Representation & Reciprocation with Valuable Feedback
- Cross Engagement Support during the need
- Talent Identification and Program Enrolments

CEIE's goal is to offer multiple educational and career pathways that help participants' transition into employment or post-secondary opportunities, such as higher education, long-term occupational skills training and/or apprenticeship.

Vermac Labs seeks to support the CEIE goals by agreeing to work together to accomplish the following goals: All signing parties agree with and support the **Institutional Improvement and Student empowerment initiatives**, which strongly aligns with the CEIE vision for **SCIENT Institute of Technology**.

II. Core Elements of the SCIENT Institute of Technology

- **Integrated Academic and Career-Focused Learning:** Grants will provide students with education and training that combines rigorous academic and career-focused curriculum to increase students' employability in in-demand industries and prepare them for employment, post-secondary education, long-term occupational skills training, or registered apprenticeships.
- **Work-Based Learning and Exposure to the World of Work:** Strong partnerships will provide work-based learning opportunities. In addition to actual work experience, youth participants will also participate in field trips, job shadowing, or other types of opportunities that provide students with exposure to different career paths and prepare them for the world of work.
- **Robust Employer Engagement:** Employer partners will provide work-based learning and mentoring, creating a path for students to in-demand industries and occupations including those in information technologies, advanced manufacturing and other science, technology, engineering and math (STEM) fields. Employers will also work closely with schools on professional development and training for staff to drive the sustainability of the program over the long term.

- **Individualized Career and Academic Counselling:** As an integral part of the program design, students will be provided with individualized career and academic counselling experiences to strengthen their career and post-secondary awareness and explore opportunities beyond high school.
- **Integration of Post-secondary Education and Training:** Students will participate in education and training, while they are still in high school that leads to credit toward a post-secondary degree or certificate and an industry-recognized credential, where appropriate.

III. Responsibilities of Parties

All Signing Parties agree and understand the following:

1. **Vermac Labs, SCIENT Institute of Technology (CEIE)** will administer the Grant as fiscal agent and oversee all Implementation Grant activities and adhere to all guidelines for grant utilization given by the grantor and the Vermac Labs.
2. Each signing party is committed to sharing project data and measures of progress on indicators with each other and with evaluators, within all applicable rules and regulations protecting individual rights.
3. Each signing partner is committed to assisting with developing an effective sustainability plan that will a) focus on professional development during the grant period (b) a plan that outlines how the program will be designed to build capacity and continue to provide the same level of instruction and support to participants whose participation will extend beyond the grant period.

V. Period of Performance

The period of performance is 2 year for performance Improvement and 3 years for student empowerment Planning Grant with an anticipated start date of April 1, 2018. This performance period includes all necessary implementation and start-up activities, with a nine-month planning and implementation period for grantees starting programs in the academic year 2018.

VI. Amendments/Modifications

From time to time, **SCIENT Institute of Technology**, CEIE and **Vermac Labs** may mutually consent to changes in the **Scope of Work** or any other aspect of this Agreement. Such changes shall be incorporated in written amendments to this Agreement and signed by the duly authorized representatives of all parties. This Agreement may be modified only by a formal, written modification signed by authorized representatives of the CEIE and **Vermac Labs**. All changes to the **Scope of Work** and/or any other aspect of this Agreement shall be agreed upon and mutually accepted via contract amendments executed by the CEIE and **Vermac Labs**.

VII. Access to Applicable Records

Vermac Labs agrees to preserve all its records for three (3) years after the completion of the grant under this Agreement and further that any specifically authorized representative of the CEIE shall have access to and the right to examine any directly pertinent books, documents, and records of **Vermac Labs** involving transactions related to this Agreement.

VIII. Right to Audit

Vermac Labs agrees to give the CEIE through any authorized representative, the right to audit all records, books, papers, or documents related to the Agreement for up to three (3) calendar years after the completion of this Agreement.

IX. Publication of Results

Should the parties to this Agreement decide that it would be advantageous to publish the results of this cooperative undertaking, the determination of same shall be made jointly and agreeable to each party. Publication by either party shall give proper credit to the other party.

X. Entire Agreement

This Agreement (and all documents incorporated herein) constitutes the entire agreement between the parties with respect to the subject matter and supersedes all prior and contemporaneous agreements, representations, statements, negotiations, and undertakings, whether oral or written.

IN WITNESS WHEREOF, the CEIE and **Vermac Labs** have executed this Agreement as of the date written.

- a. Neither party shall make, revise, alter or otherwise diverge from the terms, conditions or policies which are subject to this agreement without a written amendment to this agreement.
- b. Each party represents that they have the full power and authority to enter into this MOU in general.

General:

- a. College/Institution is responsible for taking and maintaining strict attendance of the students for the entire duration of the training program.
- b. Institution is also responsible for the food & accommodation of the trainers.
- c. Any dispute under this MOU will be settled through arbitration, if necessary.

Validity:

This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Team247 Informatics Private Limited**, the First Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training & Placement**, the First Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

Relationship between the parties

It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

MEMORANDUM OF UNDERSTANDING ("MOU")

This MOU is made and executed on this 21st day of December, 2015, by & between:

MANAC INFOTECH PVT LIMITED hereinafter referred to as "MANAC INFOTECH" is Information Technology Company offering a wide range of services and solutions both in India and abroad. These include System Design and Development, Systems Engineering, Multi-vendor Networking, Consultancy, Installation, Total Facilities management, Training etc. MANAC INFOTECH PVT LIMITED having its registered office at **Liberty, Hyderabad.**

AND

Scient Engineering College hereinafter referred to as "SEC" run by the Scienty Educational Society Society, is situated at Ibrahimpatnam, Hyderabad. The College endeavors to impart quality education in the Engineering & Management fields, to all section of the society.

1. PREAMBLE

Information Technology (IT) has revolutionized the modern world and is expected to bring in sweeping changes in a host of human activities in the future. Information Technology is now an indispensable tool in every business industry, trade, commercial enterprise and educational institutions.

In the interest of having a healthy industry – academia interaction SEC and MANAC INFOTECH have decided to work together to organize IT related projects and courses in information technology. The main aim is to spread proficiency in information technology and also provide an industry experience to students of SEC.

PRINCIPAL

Scient Institute of Technology
Ibrahimpatnam, R. R. Dt -501 506

2. SCOPE

The IT industry, today, is poised to provide employment to fresh engineering graduates in large numbers owing to tremendous growth. However, most students fail to meet the entry criteria of the industry primarily due to lack of industry exposure. It has therefore become imperative for academic institutions to provide industry orientation skills to both students and teaching staff so that the practical application of theoretical concepts is well understood by the students. In order to achieve this objective, **MANAC INFOTECH** and SEC have decided to enter into this MoU as per mutually agreed terms and conditions.

3. STRUCTURE OF PROGRAMMES

The Agreement is planned to provide a platform to **MANAC INFOTECH**, to offer the IT/software (JAVA & .NET related) projects, Aptitude training and provide necessary guidance for placements.

3.1 CONDUCTING IT RELATED PROJECTS AND COURSES IN MANAC INFOTECH RESPECTIVE CENTERS

MANAC INFOTECH will identify and provide IT related projects and courses in **MANAC INFOTECH** respective centers. **MANAC INFOTECH** will also identify the resources required along with timeframes for the completion of the projects and courses. **MANAC INFOTECH** will identify suitable project coordinators and depute them as required. The project coordinators will act as mentors and guide the students/staff in all phases of the projects and courses.

Deliverables from MANAC INFOTECH & SEC:

- **MANAC INFOTECH** will conduct the training sessions on related technology the detailed schedule is enclosed in Annexure A.
- **MANAC INFOTECH** will conduct an evaluation on completion of the projects which will include presentation and Viva Voice for the students.

Website : www.scient.ac.in, E-mail : scient_insteng@yahoo.co.in

- **MANAC INFOTECH** will provide certification for students who complete the and projects successfully.
- **MANAC INFOTECH** may help the eligible candidates with the placements opportunities based on the clients requirement.
- **MANAC INFOTECH** will consistently endeavor to elevate **SEC** to a "Centre of Excellence" in which ever way possible within the limitations of **MANAC INFOTECH**.
- **SEC** will provide infrastructure facilities (i.e. H/W, S/W, etc) for conducting the projects.
- **SEC** will identify project coordinators for the projects along with the teams of students. The project coordinator will liaise with **MANAC INFOTECH** in all aspects of the projects.

3.2 Joint responsibility of MANAC INFOTECH and SEC

MANAC INFOTECH and **SEC** will mutually and decide the project titles, scope of work, duration, resources required and other modalities before the commencement of the programs.

3.3 CONFIDENTIALITY

Both the parties agree to maintain confidentiality of information and the information can be released only with mutual agreement.

3.4 INTELLECTUAL PROPERTY

Intellectual Property Rights' means all rights in inventions, patents, copyrights, design rights, trademarks and trade names, service marks, trade secrets, knowhow and other intellectual property rights (whether registered or unregistered) and all applications for any of them, actual or pending anywhere in the world.

By entering into this MOU, the parties undertake:

- 1) To protect each other's intellectual property,
- 2) Not to use each other's intellectual property without the prior written consent,

PRINCIPAL
Scient Institute of Technology
Ibrahimpatnam, R. R., Dt -501 506

3) ensure the confidentiality of such intellectual property within their respective organizations,

4) Not to use each other's intellectual property should this arrangement be dissolved. The Parties agree that neither of them shall gain by virtue of this MOU any rights of ownership of copyrights, patents, trade secrets, trade marks, or any other intellectual property rights owned by the other Party.

3.5 TERM & TERMINATION

This arrangement shall remain in force for a period of 60 days from the date of signing and can be terminated by giving a written notice period of 15 days by either party.

Each party shall have the right to terminate this Agreement, by a prior notice of 15 days in writing to the other party upon the occurrence of any of the following events;

- a) If either party commits any willful breach of any terms stipulated in this Agreement and has failed to rectify the same within notice period of 30 days. The parties shall be responsible for conducting the training for the students enrolled before the termination of the contract.
- b) If either party enters into liquidation whether compulsory or voluntary (save for the purpose of amalgamation or reconstruction) or makes an assignment for the benefit of or compounds with its credit or so has a Manager or Receiver appointed in respect of all or any part of its business or a petition for winding-up or judicial management is presented against the other party or the other party ceases to carry on any part of its business or threatens to do any of these things.

On the expiry or termination of this Agreement, all rights and obligations of the parties shall automatically terminate except; -for such rights of actions that have accrued prior to such termination and any obligations, which expressly or by implication are intended to come into or continue in force.

4. FORCE MAJEURE

Neither Party shall be liable for any default or delay in the performance of its obligations if and to the extent such default is caused, directly or indirectly, by fires, floods, power failures, Acts of God, act of public enemy, civil commotion, sabotage, wars, insurrections, riots, labour disturbances, strikes, lockouts, go-slow, damage to machinery on account of accident or passing of any statutory order by the eligible authority/ies, prohibiting performance of such obligation by a competent authority; and restrictions of any country affecting the performance of this agreement or any part hereof. In the event of the occurrence of any of the

foregoing, the date of performance will be deferred for a period of time equal to the time lost by reason of the delay. The affected party shall intimate the other party within reasonable time period of such occurrences.

LIMITATION OF LIABILITY

Notwithstanding anything to the contrary in the Agreement, in no event shall either Party be liable, whether in contract, tort, or otherwise, for special, punitive, indirect or consequential damages, including, without limitation, loss of profits or revenues arising under or in connection with this Agreement even if such Party has been advised in advance of their possibility. The Total Liability of MANAC INFOTECH shall be limited to the total fee received under the Agreement.

6. DISPUTE RESOLUTION MECHANISM

Any lack of understanding to the spirit and implementation of this Agreement will be resolved by mutual consultation by the Parties. In case parties fail to resolve the dispute by mutual consultation within 30 days of rising of dispute, the same will be resolved through Arbitration in terms of clause 7 below.

7. ARBITRATION

In case the dispute remains unresolved, the same shall be referred to the Arbitration in accordance with Arbitration and Conciliation Act, 1996 after giving the notice of such reference to the other party. The matter shall be referred to the sole Arbitrator mutually appointed by the parties. In case the parties fail to appoint the sole arbitrator, the same shall be appointed by the High Court of the concerned State. The venue of the arbitration shall be Hyderabad and the language preferred will be English. The award of the sole Arbitrator shall be final and binding on the parties.

8. GOVERNING LAW

This MOU shall be governed and construed in accordance with the laws of India and the courts of Hyderabad shall have the exclusive jurisdiction to entertain any dispute or suit arising out of or in relation to this Agreement.

9. AMENDMENT

No amendment to this agreement is valid unless signed by a persons duly authorized by the parties.

10. Non-Exclusivity:

Nothing in this Agreement shall mean nor shall be construed to mean that **MANAC INFOTECH** is precluded from entering into any arrangement with any third party for same or similar purpose, at any time, including without limitation, with any competitor or potential competitor of SEC.

Annexure A

1. Nature of the Program

The program is designed for the benefit of engineering graduates who are focused on their career in Embedded Systems, VLSI Design, JAVA & DOTNET domains. This program will expose the students to industry development environment and industry standards.

2. Project Domains

- JAVA
- DOT NET

3. Program fee structure

1. JAVA : 4,000 Rupees per student
2. Terms of Payment
 - a) 25% advance
 - b) 50% after one month (from the date of 1st payment).
 - c) 25% before handover the code and documentation

4. Terms and Conditions

1. MOU to be signed before commencement of the program.
2. MANAC INFOTECH & the college will name a coordinator from both sides for smooth execution of the program.
3. Minimum batch size of 120 students is required for each domain

5. Roles and Responsibilities

1. MANAC INFOTECH will provide trainers, project mentors and required course material soft copy to all the students
2. MANAC INFOTECH will issue final certification to all the successfully completed students
3. Program execution schedule will be given by college.
4. Program execution schedule will be communicated to the students by college coordinator only.
5. MANAC INFOTECH will provide the 30hrs of Aptitude training

6. Student code of conduct during the program

The following are the rules and regulations to be followed by all the students strictly.

1. Students are expected to follow the timings strictly.
2. Students ID card should be produced on demand.
3. 95% of attendance is compulsory for all the students.

Based on the presentations, discussions, telephonic conversations and agreements

MEMORANDUM of UNDERSTANDING

BETWEEN

PreciseIN Technologies, Hyderabad AND SCIENT Institute of Technology, Hyderabad

1. GENERAL ARRANGEMENT.

This agreement stands to describe the Business Relationship that shall exist between "PreciseIN Technologies", henceforth referred to as **Party 1**, and "SCIENT", henceforth referred to as **Party 2**

- 1.1 WHEREAS **Party 1** provides technical training to complete their mini project, as designed by **Party 1**, to the third/final year engineering students studying on the campus of **Party 2**
- 1.2 **Party 2** agrees to compensate **Party 1** for Technical Training and mini project.

2. SERVICES

- 2.1 **Party 1** agrees to deliver a training program as per the approved syllabus to the third year students at **Party 2**, for a minimum duration of 60 hours and complete the mini project along with training at **Party 2**.
- 2.2 **Party 1** agrees to perform the following services:
- 2.2.1 During the operation of the program
- Train the students for a minimum of 60 hours spread over 5-6 weeks (Saturday and Sundays).
 - Ensure the expert to train the students in terms of batches each with 80 students for every training group
 - Provide study material wherever applicable.

Kish

PRINCIPAL

**Scient Institute of Technology
Ibrahimpatnam, R. R. Dt. -501 506**

2.2.2 After the completion of the program

- Should Provide different project proposals to each group for implementation
- Ensure that the student should complete the mini project along with the training contents.
- Conduct a mock test to evaluate the students about the content delivery and assign the grading accordingly.
- The students should be taught about the tips & tricks to crack the exam and placement technical rounds.

2.3 Party 2 agrees to perform the following services:

2.3.1 Prior to the onset of the job:

- Provide the database of all enrolled students i.e. project wise batch details.
- Provide the infrastructure to conduct the training sessions.

3 AGREEMENT TERM

- 3.1 The terms of this agreement will commence from **26/02/2019** and will end on successful completion of training and project with documentation. However this agreement can be extendable upon mutual consent from both the parties.

4 COMPENSATION

- 4.1 All funds from the students will be received and distributed by **Party 2**

4.2 Party 2 agrees to pay Party 1

- The training fee agreed upon by both the parties is to be paid in 3 installments,
- 30% of the agreed amount after the successful completion of the first week of training.
- Another 30% of the agreed amount after successful completion of 50% of the training and commencement of mini-project whichever is later.

**PRECISEIN TECHNOLOGIES**

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

**Scient Institute of Engineering and Technology
(Electrical & Electronics Engineering Department)**

&

POWER LAB INSTRUMENTS

FOR

**SKILL DEVELOPMENT, OUTCOME BASED TRAININGS, PLACEMENT, R&D
SERVICES AND RELATED SERVICES**

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (here in after called as the 'MOU') is entered in to on this the 15th day of June–Two Thousand Eighteen (15-06-2018) & 18th day of June 2023 Two Thousand Twenty-three (14-06-2023) by and between Scient Institute of Engineering & technology (Electrical & Electronics Engineering Ibrahimpatnam, Hyderabad, Telangana, the First Party represented here in by its Mrs. B. Sreenivas (here in after referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors–in-office, administrators and assigns).

AND

POWER LAB INSTRUMENTS, Mfrs of: Electrical Power System Lab Equipment's, Test & Measuring Instruments. The Second Party, and represented here in by its Sale Manager, M. VEERAN, (here in after referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in- office, administrators and assigns).

(First Party and Second Party are here in after jointly referred to as 'Parties' and individually as 'Party')as

WHEREAS:

- A) First Party is a Higher Educational Institution named:
 - (i) **Scient Institute of Engineering& Technology, Ibrahimpatnam.**
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- E) **Power Lab Instruments**, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of –, *Electrical & trades of Manufacturing, Designing, Testing & Contracting Industry in terms of services including but not limited to Design, Drafting, Modeling, Sit, Testing & QA/QC, etc.*
- F) **Power Lab Instruments**, the Second Party is promoted by Devi Group having its diversified sectors in Manufacturing Testing of power system equipments etc.
- G) **Power Lab Instruments** , the Second Party has multiple branches in India catering to the Industrial & Educational needs.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1

CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2

SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.3 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the field s of **Electrical Engineering, trainings,**

Testings etc.

- 2.4 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.5 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.6 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.7 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.
- 2.8 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.9 There is no financial commitment on the part of the **Scient Institute of Engineering & Technology**, the First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3

INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

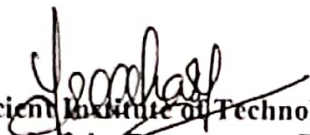

CLAUSE 4

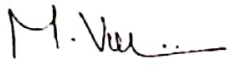

VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Power Lab Instruments**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Power Lab Instruments**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of **Hyderabad**.

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

**Scient Institute of Engineering and Technology
(Electrical & Electronics Engineering Department)**

&

Hi-Q TEST EQUIPMENT PVT LTD.,

FOR

**SKILL DEVELOPMENT, OUTCOME BASED TRAININGS, PLACEMENT, R&D
SERVICES AND RELATED SERVICES**

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (here in after called as the 'MOU') is entered in to on this the 2nd day of February—Two Thousand Eighteen (02-02-2018) & 2nd day of February- Two Thousand Twenty-three (02-02-2023) by and between **Scient Institute of Engineering & technology (Electrical & Electronics Engineering Ibrahimpatnam, Hyderabad, Telangana, the First Party** represented here in by its **Mrs. B. Sreenivas** (here in after referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors—in-office, administrators and assigns).

AND

HI-Q Test Equipments Pvt. Ltd., Mfrs of: Electrical Lab Equipment's, Test & Measuring Instruments. **The Second Party**, and represented here in by its Managing Director , **Purna Chandra Rao**, (here in after referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in- office, administrators and assigns).

(First Party and Second Party are here in after jointly referred to as 'Parties' and individually as 'Party')as

WHEREAS:

- A) First Party is a Higher Educational Institution named:
 - (i) **Scient Institute of Engineering& Technology, Ibrahimpatnam.**
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- E) **HI-Q Test Equipments Pvt. Ltd.**, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of , *Electrical & trades of Manufacturing, Designing, Testing & Contracting Industry in terms of services including but not limited to Design, Drafting, Modeling, Sit, Testing & QA/QC, etc.*
- F) **HI-Q Test Equipments Pvt. Ltd.**, the Second Party is promoted by Devi Group having its diversified sectors in Manufacturing Testing of power system, Power Electronic, Control Systems, Electrical Machinery equipments etc.
- G) **HI-Q Test Equipments Pvt. Ltd.**, the Second Party has multiple branches in India catering to the Industrial & Educational needs.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1

CO- OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2

SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

- 2.3 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the field s of **Electrical Engineering, trainings, Tastings etc.**
- 2.4 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.5 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lecturer to the students of the First Party on the technology trends and in house requirements.
- 2.6 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.7 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.
- 2.8 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.9 There is no financial commitment on the part of the **Scient Institute of Engineering & Technology**, the First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3

INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4

VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **HI-Q Test Equipments Pvt. Ltd.** the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **HI-Q Test Equipments Pvt. Ltd.**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

ASTITVA TRAININGS

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (in Short "MOU") is entered into this 31st day of December, 2013 by and between

- (1) **ASTITVA TRAININGS**, a company registered under the Companies Act 1956 and having its registered office at Ameerpet, Hyderabad-500038, hereinafter called "Trainer"
- (2) **SCIENT Institute of technology** (in Short "SCIENT"), Established in the year 2001, affiliated to JNTU, AP and approve by AICTE, New Delhi, and having its registered office at Kacheguda, Hyderabad.

1. Training Services

In consideration of the payment by (Scient Institute of Technology) to the Trainer, Trainer hereby agrees to provide such training services and services related to Academic Projects as shall be reasonably requested including the topics and any deliverables, and at the location(s) specified in the Appendix-hereto (hereinafter "Services").

2. Term and Termination

This Agreement shall be effective as of the date shown in the Appendix hereto, or if none, as of the date first shown above, and shall continue for the period shown on the Appendix. After such term, or if none is shown at any time, (Scient Institute of Technology) may terminate this Agreement on 7 days' prior written notice to Trainer. Notwithstanding anything contained in this agreement, (SCIENT Institute of technology) will have the right to terminate this agreement without cause at any time by giving a prior written notice of 7 days to the Trainer. In such case of termination proportionate amount should be paid by (SCIENT Institute of technology) (based on the no of days training).

3. Confidentiality

3.1 In consideration of the Confidential Information supplied to it by (SCIENT INSTITUTE OF TECHNOLOGY), Trainer agrees that it shall keep (SCIENT INSTITUTE OF TECHNOLOGY)'s Information confidential, and shall not, in any manner use, copy, reproduce or disclose such Confidential Information (and shall use all reasonable efforts to prevent any such disclosure) except as permitted in clause 3.2 of this Agreement.

3.2 "Confidential Information" means, in the case of (SCIENT INSTITUTE OF TECHNOLOGY), any business, employee or Student information or data which is disclosed or otherwise comes into Trainer's possession directly or indirectly as a result of this Agreement and which is of a confidential nature (including for the avoidance of doubt the existence and terms of this Agreement, any information relating to (SCIENT INSTITUTE OF TECHNOLOGY)' or any (SCIENT INSTITUTE OF TECHNOLOGY) Affiliates' business affairs, operations, products, processes, methodologies, formulae, plans, intentions, projections, know-how, intellectual property rights, trade secrets, market

**#302, GyanArcade, Beside Sheesh Mahal Theatre, Ameerpet,
Hyderabad. Ph: 040-64444247; 7207209939**

ASTITVA TRAININGS

opportunities, suppliers, customers, marketing activities, sales, software, computer and telecommunications systems, costs and prices, wage rates, records, finances and personnel) or, in the case of the Trainer, any information or data which is disclosed to (SCIENT INSTITUTE OF TECHNOLOGY) and is clearly marked as confidential.

3.3 This Agreement does not apply to Confidential Information which:

- A) Is in the public domain and was publicly available prior to Trainer's receipt thereof from (SCIENT INSTITUTE OF TECHNOLOGY);
- B) Trainer can show was in its possession prior to disclosure by (SCIENT INSTITUTE OF TECHNOLOGY) and which had not previously been obtained from (SCIENT INSTITUTE OF TECHNOLOGY) or another person under an obligation of confidentiality to (SCIENT INSTITUTE OF TECHNOLOGY);
- C) Trainer obtains from a person other than (SCIENT INSTITUTE OF TECHNOLOGY), other than in breach by such person of any obligation of confidentiality to (SCIENT INSTITUTE OF TECHNOLOGY); or
- D) Trainer can demonstrate, is independently developed by Trainer without the benefit of any Confidential Information of (SCIENT INSTITUTE OF TECHNOLOGY).

3.4 Trainer acknowledges that breach by it of this Clause and/or Agreement may cause irreparable injury to (SCIENT INSTITUTE OF TECHNOLOGY), which will be inadequately compensable in damages. Accordingly (SCIENT INSTITUTE OF TECHNOLOGY) is entitled to the remedies of injunction, specific performance and other equitable relief in respect of any actual breach or threatened breach of the terms of this Agreement, in addition to any other legal remedies which may be available, without the actual damages or posting of security or a bond. Trainer further agrees to be responsible for any expenses (including reasonable legal and attorneys' fees) that (SCIENT INSTITUTE OF TECHNOLOGY) may incur if it is obliged to enforce this Agreement.

3.5 At any time during the term of this Agreement, Trainer shall, within 7 days from the receipt of a written request from (SCIENT INSTITUTE OF TECHNOLOGY), return to (SCIENT INSTITUTE OF TECHNOLOGY), or at (SCIENT INSTITUTE OF TECHNOLOGY)'s option destroy, all documents and other materials in its possession, custody or control which contain any of (SCIENT INSTITUTE OF TECHNOLOGY)'s Confidential Information, and certify to (SCIENT INSTITUTE OF TECHNOLOGY) in writing that it has destroyed the Confidential Information. In any event, Trainer shall, within 7 days of the expiration or termination of this Agreement, return to (SCIENT INSTITUTE OF TECHNOLOGY), or at (SCIENT INSTITUTE OF TECHNOLOGY)'s option destroy all documents and other materials in its possession, custody or control which contain any of (SCIENT INSTITUTE OF TECHNOLOGY)'s Confidential Information, and certify to (SCIENT INSTITUTE OF TECHNOLOGY) in writing that it has destroyed the Confidential Information.

3.6 The Trainer shall ensure that any of its Staff shall sign the Staff Confidentiality Schedule, an original of which will be delivered by the Trainer to (SCIENT INSTITUTE OF TECHNOLOGY) for retention in (SCIENT INSTITUTE OF TECHNOLOGY)' files. "Staff" shall mean permanent and contract staff and all contractors and/or consultants engaged by Trainer for rendering the Services.

4. Fees

In consideration for the Training granted by Trainer, (SCIENT INSTITUTE OF TECHNOLOGY) shall pay the Trainer the amount set forth in the Appendix -B and on the terms stated within 30 days. Any such fees shall be exclusive of taxes, which may be due on the service provided hereunder.

5. Intellectual Property Rights

5.1 Each party shall retain ownership of their pre-existing intellectual property.

5.2 In the case of any pre-existing Intellectual Property licensed from a third party, the licensee party warrants that it will have obtained any necessary authority, permission or license from the relevant third party in order to grant the above licenses.

5.3 Subject to Clause 5.1, all work product, shall be "work-made for hire" to the extent permissible under applicable law and (SCIENT INSTITUTE OF TECHNOLOGY) shall, upon the creation thereof, exclusively own all intellectual property rights therein. (SCIENT INSTITUTE OF TECHNOLOGY) grants the Trainer a license to use the work products to the extent necessary for the purpose of performing the Services. The Trainer assigns to (SCIENT INSTITUTE OF TECHNOLOGY) by way of future assignment (to the extent not already vested in (SCIENT INSTITUTE OF TECHNOLOGY) by operation of law) all copyright and (to the extent capable of assignment under this clause) all other Intellectual Property Rights in or relating to any work products for their full terms throughout the world.

5.4 Trainer acknowledges and agrees it shall indemnify, defend and hold (SCIENT INSTITUTE OF TECHNOLOGY), its directors, officers, employees and agents, harmless from and against any and all claims, losses, liabilities, damages, expenses, and costs (including, without limitation, reasonable fees for attorneys, expert witnesses, and court costs) which result from any claim for infringement of any patent, trademark, copyright, trade secret or contractual right or obligation or other industrial, intellectual Property, or proprietary right held by any third party. This indemnification shall survive the expiration or termination of this Agreement by either party for any reason.

6. Limitation of Liability

6.1 Neither party excludes or limits its liability to the other for fraud or for death or personal injury resulting from its negligence or any breach of any obligations under this Agreement and / or any other relevant Act/Statute.

6.2 Subject to the express terms of this agreement neither (SCIENT INSTITUTE OF TECHNOLOGY) nor the trainer shall be liable to the other in connection with this agreement for exercise of its rights or the performance of its obligations under this agreement for any indirect or consequential loss whether arising from negligence, breach of contract or howsoever caused.

6.3 The preceding Limitation of Liability provisions shall not apply to (i) breach by a Party of Sections regarding Intellectual Property and Ownership, (ii) breach of Confidentiality under clause 3

7. Relationship of Parties

7.1 Trainer shall be an independent contractor. The relationship between (SCIENT INSTITUTE OF TECHNOLOGY) and Trainer shall not be construed as an employment relationship, and shall not constitute a partnership, joint venture, or agency of any kind; nor shall the relationship be construed as any type of legal relationship under which the actions or inactions of either party could result in any liability for the other party. Trainer is solely responsible for payment of all taxes that are required to be paid hereunder and, if a real person acknowledges that Trainer and/or its Staff has no right or claim on any employee benefits of (SCIENT INSTITUTE OF TECHNOLOGY). Nothing herein shall be deemed to confer upon Trainer any authority, express or implied, to bind (SCIENT INSTITUTE OF TECHNOLOGY) or to represent to any third party that Trainer is acting either as a representative of, or in any capacity for, (SCIENT INSTITUTE OF TECHNOLOGY).

8. Governing Law and Jurisdiction

Subject to Clause 9 this AGREEMENT shall be governed by and construed in accordance with Indian law and shall be subject to the exclusive jurisdiction of the courts at Hyderabad.

9. Escalation of Disputes

Any dispute arising out of or in connection with this AGREEMENT shall be referred by written notice:

- (A) First to the authorized representative of each Party who shall meet and Endeavour to resolve the dispute between them within 5 business days of such notice; and
- (B) Failing resolution of the dispute, to a senior representative of the Trainer and a senior representative of (SCIENT INSTITUTE OF TECHNOLOGY) (together the "Senior Representatives") who shall meet and Endeavour to resolve the dispute between them within 10 business days of such notice (the "Senior Representatives' Meeting"). The joint written decision of those Senior Representatives shall be binding on the Parties.
- (C) If the Senior Representatives of both the Parties are unable to resolve the dispute, the Parties shall, subject to Clause 9
- (D) Below, have the right within 5 business days of the Senior Representatives' Meeting to refer the dispute to a sole arbitrator to be mutually appointed by the Parties in accordance with the rules of arbitration of Indian Council of Arbitration (ICA). The Parties agree to hold such arbitration as soon as possible and in any event within one month of the Senior Representative's meeting.
- (E) The arbitrator will conduct proceedings under this Clause 9 (d) in accordance with the Guidelines/Rules of Arbitration as issued by ICA from time to time at Hyderabad and subject to the provisions of the Arbitration and Conciliation Act, 1996 and/or any modification or enactment thereto. The proceedings shall be conducted in English and the award made in pursuance thereof shall be binding on the Parties.

10. Miscellaneous

ASTITVA TRAININGS
No provision of this Agreement may be altered or waived except as written signed by the parties. No waiver of any condition or provision shall be deemed a waiver of the right to enforce such provision or related or similar provision in the future. The invalidity of any provision or provisions of this Agreement shall not affect the validity of other provisions which shall remain in full force and effect.

Assignment:

This Agreement shall not be assigned by the (SCIENT INSTITUTE OF TECHNOLOGY) without the prior written consent of Trainer, but nothing in this Agreement shall prevent or restrict Trainer from assigning, sub-licensing, transferring or otherwise disposing of all or any of its rights or obligations hereunder to a (SCIENT INSTITUTE OF TECHNOLOGY) Affiliate or to any legal entity which succeeds to all or part of the business or assets of (SCIENT INSTITUTE OF TECHNOLOGY). Any attempted assignment in contravention of this Clause shall be null and void. This Agreement shall be binding upon any successors in interest or title of the Parties.

Notices and Communications:

In proving service of a notice or document under this Agreement it shall be sufficient to prove that an envelope containing the notice or document was properly addressed and delivered by courier or posted as a prepaid, first class or airmail, recorded delivery letter:

SCIENT INSTITUTE OF TECHNOLOGY

Ibrahimpattam, R.R Dist, Telangana

Approved by AICTE, Affiliated to JNTUH

MEMORANDUM OF UNDERSTANDING (MOU)

Hyderabad

Date:26/10/15

This Memorandum of Understanding is made and executed at **SCIENT Institute of Technology, located at Ibrahimpattam, Hyderabad**, on the 26th Day, October 2015 & 19th Day, September 2019. This MOU signifies a statement of intent for collaboration between

SCIENT Institute of Technology, located at Ibrahimpattam, Hyderabad, Telangana, is approved by AICTE, New Delhi & affiliated to JNTU, Hyderabad, represented by its Mrs. Syeda Ayesha Fatima, Head Of the Department (EEE) herein after called as the First PARTY.

And

KG MECH ELECTRO MECHANICAL, PVT.LTD, the Second Party .and represented here in by its Zonal/Divisional Head, Syed Abdul Gaffir, (here in after referred to as Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as Parties and individually as Party') as

WHEREAS:

A) First Party is a Higher Educational Institution named:

Scient Institute of Technology

B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.

C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.

D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

E) KG MECH Electro Mechanical Pvt. Ltd-, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in all fields

- F) **KG MECH Electro Mechanical Pvt. Ltd**, the Second Party is promoted by **KG MECH Group** having its diversified sectors in industry & Education including IAS, Groups, Engineering chapters, etc
- G) **KG MECH Electro Mechanical Pvt. Ltd**, the Second Party has multiple branches in India catering to the Industrial & Educational needs of Engineers

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1
CO-
OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological

up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

2.2 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

2.3 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.

2.4 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.

2.5 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.

2.6 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.

2.7 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein

2.8 There is no financial commitment on the part of the **Scient Institute of Technology**, the First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3
INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4
VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **KG MECH Electro mechanical Pvt.ltd.** the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **KG MECH Electro mechanical Pvt.ltd.** the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Scient Institute of Engineering
First Party

KG MECH Electro Mechanical pyt.ltd
Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of **Hyderabad.**
