MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter called as the 'MOU') is entered into on this the 12th of February, Two Thousand and Nineteen (12/02/2018) to , 10th of February, Two Thousand and Twenty(10/02/2019) by and between

SCIENT Institute of Technology, in the department of Electrical & Electronics Engineering, the first party represented herein by its Mrs. Syeda Ayesha Fatima (hereinafter referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

AND

KG MECH ELECTRO MECHANICAL, the second party and represented herein by its Zonal / Divisional Head, Syed Abdul Gaffer, (hereinafter referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party') as

WHEREAS:

A) First Party is a Higher Educational Institution named:

SCIENT Institute of Technology

- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- E) KG MECH ELECTRO MECHANICAL, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of – *Civil, Electrical & Mechanical trades of Fabrication, Construction & Contracting Industry in terms of services including but not limited to Design, Drafting, 3D modeling, Site & QA/QC, etc.*

PRINCIPAL
Scient Institute of Technology
Ibrahimpatnam, R. R. Dt. -501 506

- F) KG MECH Electro Mechanical Pvt. Ltd, the Second Party is promoted by KG MECH Group having its diversified sectors in industry & Education including IAS, Groups, Engineering chapters, etc
- G) KG MECH Electro Mechanical Pvt. Ltd, the Second Party has multiple branches in India catering to the Industrial & Educational needs of Engineers

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE I
CO-
OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

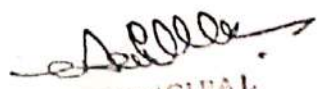

CLAUSE 2
SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological

PRINCIPAL

(Brahmapuram, R. R. Dt - S. I.)

up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

- 2.2 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.3 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.4 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.5 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.6 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.
- 2.7 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.8 There is no financial commitment on the part of the **Scient Institute of Technology**, the First Party to take up any program mentioned in the MOU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3
INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4
VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period KG MECH Electro mechanical Pvt.Ltd. the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of KG MECH Electro mechanical Pvt.Ltd. the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.

CLAUSE 5
RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Scient Institute of Engineering
First Party

KG MECH Electro Mechanical Pvt.Ltd
Second Party

Any divergence or difference derived from the interpretation or application of the MOU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Hyderabad.

MEMORANDUM OF UNDERSTANDING (MOU)

Hyderabad

Date: 10/10/18

This Memorandum of Understanding is made and executed at **SCIENT Institute of Technology**, Ibrahimpatnam, Hyderabad, on the 10th Day, October 2018. This MOU signifies a statement of intent for collaboration between

TEAM247 INFORMATICS PRIVATE LIMITED, operating business at Madhapur Corporate Office, Hyderabad represented by **Mr. Rahul Venepally, CEO**, herein after called the **FIRST PARTY**

And

SCIENT Institute of Technology, located at Ibrahimpatnam, Hyderabad, Telangana, is approved by AICTE, New Delhi & affiliated to JNTU, Hyderabad, represented by **Dr. G. Anil Kumar, Principal**, herein after called as the **SECOND PARTY**.

Parties and their intent:

- A) **First Party (TEAM247)** is a IT & ITES services company engaged in Product Development and Software related services, Up Skilling & Recruiting services
- B) **Second party (College)** is a Higher Educational Institution committed in providing a holistic environment to their students for a greater learning & competency.
- C) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- D) The Parties intent to cooperate and focus their efforts on cooperation within areas of Campus recruitment training, and campus placements to the students.
- E) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

Nature of Relationship

- a) This MOU is for collaboration between both parties, for mutual benefit and B.Tech students' campus recruitment training.
- b) This MOU will be valid for 1 year from the date of signing and each party shall be at full liberty to terminate the collaboration with a notice period of 30 days.
- c) Both parties shall take all reasonable steps to ensure successful completion of the collaboration and also cooperate with each other in duly carrying out the obligation agreed upon.
- d) The second party shall provide all the necessary facilities such as infrastructure, food & accommodation to the training facilitators, network and internet access required for education and training purposes as the program is conducted in the college premises.
- e) The first party shall provide full length campus recruitment training for the eligible candidates and the data of such students to be shared by the Second party well in advance for structuring the activity in the best possible way.

Project Details:

- **Project Title:** "Abyass"- An skill development Program
- **Areas Covered:** Comm. skills, Aptitude, Verbal, Critical & Analytical Reasoning
Technical skills, Mock Interviews etc.
- **Duration of delivery:** First year to Fourth year.
- **First Year:** Aptitude, Comm.& soft skills, Basic programming with C and Data Structures.
- **Second year:** Adv. Verbal, Critical reasoning & C++ & OOPS Concepts.
- **Third Year:** JAVA, Python & Web Programming.
- **Fourth Year:** Interview preparation & Industry specific training.

Relationship between the parties

It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Termination of Contract:

- a. This contract will be terminated based on the consensus of both parties.
- b. If the contract is terminated, payment due for the placement activity must be paid to the First Party by the Second party.

Based on the presentations, discussions, telephonic conversations and agreements

MEMORANDUM of UNDERSTANDING

BETWEEN

PreciseIN Technologies, Hyderabad AND SCIENT Institute of Technology, Hyderabad

1. GENERAL ARRANGEMENT.

This agreement stands to describe the Business Relationship that shall exist between "PreciseIN Technologies", henceforth referred to as **Party 1**, and "SCIENT", henceforth referred to as **Party 2**

1.1 WHEREAS **Party 1** provides technical training to complete their mini project, as designed by **Party 1**, to the third/final year engineering students studying on the campus of **Party 2**

1.2 **Party 2** agrees to compensate **Party 1** for Technical Training and mini project.

2. SERVICES

2.1 **Party 1** agrees to deliver a training program as per the approved syllabus to the third year students at **Party 2**, for a minimum duration of 60 hours and complete the mini project along with training at **Party 2**.

2.2 **Party 1** agrees to perform the following services:

2.2.1 During the operation of the program

- Train the students for a minimum of 60 hours spread over 5-6 weeks (Saturday and Sundays).
- Ensure the expert to train the students in terms of batches each with 80 students for every training group
- Provide study material wherever applicable.

PRINCIPAL

PRINCIPAL SCIENT Institute of Technology
Ibrahimpatnam, R. R. Dt. -501 506

2.2.2 After the completion of the program

- Should Provide different project proposals to each group for implementation
- Ensure that the student should complete the mini project along with the training contents.
- Conduct a mock test to evaluate the students about the content delivery and assign the grading accordingly.
- The students should be taught about the tips & tricks to crack the exam and placement technical rounds.

2.3 Party 2 agrees to perform the following services:

2.3.1 Prior to the onset of the job:

- Provide the database of all enrolled students i.e. project wise batch details.
- Provide the infrastructure to conduct the training sessions.

3 AGREEMENT TERM

- 3.1** The terms of this agreement will commence from **26/02/2019** and will end on successful completion of training and project with documentation. However this agreement can be extendable upon mutual consent from both the parties.

4 COMPENSATION

- 4.1** All funds from the students will be received and distributed by **Party 2**

4.2 Party 2 agrees to pay Party 1

- The training fee agreed upon by both the parties is to be paid in 3 installments,
- 30% of the agreed amount after the successful completion of the first week of training.
- Another 30% of the agreed amount after successful completion of 50% of the training and commencement of mini-project whichever is later.

PRINCIPAL
Solent Institute of Technology
Ibrahimpatnam, R. R. D. - 501 506

- Balance amount will be paid after the successful completion of the course and the main project successfully.
- If the feedback is negative then Party 1 has to change the trainer and continue the training.
- If the course could not be completed in the available and fixed time frame then the onus lies on the Party 1 to extend the duration as per the convenience of the Party 2.

6. ADDITIONAL DETAILS.

- a) **Party 1** shall provide additional training assistance to some students in case of requirement as found by both the students and the trainers

CLAUSE 1
CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design to Corporate Training:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries;

the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

- 2.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of domain **Artificial Intelligence, Machine Learning, Robotics, Augmented Reality, Block Chain, VLSI, Embedded Systems.**
- 2.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.8 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for at least 15-20% of the students. The Second Party will itself absorb at least 20 percentage of the trained students.
- 2.9 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein.
- 2.10 There is no financial commitment on the part of the **SCIENT Institute of Technology**, the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3

INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4

VALIDITY

- 4.1 This Agreement will be valid for **1 year** until it is expressly terminated by either Party on mutually agreed terms, during which period **Data Point Info Solutions**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner, Data Point Info Solutions**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **Scient Institute of Technology, First Party** and **Data Point Info Solutions, Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of **Hyderabad**.

MEMORANDUM OF UNDERSTANDING BETWEEN

HACKBOATS, HYDERABAD

AND

SCIENT INSTITUTE
OF TECHNOLOGY, IBRAHIMPATNAM

This Memorandum of understanding ("MOU") is entered into on the 5th March 2018 by and between HACKBOATS, Kukatpally, Hyderabad and SCIENT INSTITUTE OF TECHNOLOGY, Khanapur Village, Ibrahimpatnam. (TECH CONSULTANT and COLLEGE are here in after referred to individually as "Party" or collectively as "Parties").

This Memorandum of Understanding has been drawn up between TECH CONSULTANT and COLLEGE to provide Academic Project Implementation (TRAINING, MINI & MAJOR PROJECTS) for all branches students, for possible joint initiatives. With the purpose of supporting the common goals of both managements, enabling collaborative actions to be planned and implemented, and making effective use of the complementary strengths of both organizations.

TECH CONSULTANT pledges to support COLLEGE in this regard and provide it with advice and resources within its means to ensure successful implementation of project training program and achievement of its objectives.

In Case TECH CONSULTANT and COLLEGE have differences concerning the implementation of the project training programme they undertake to resolve them through dialogue and discussion. In case such differences cannot be resolved either party can terminate this Memorandum of Understanding by giving FIFTEEN DAYS notice in writing to the other party and make such termination public only after it has taken effect. This Memorandum of Understanding will remain in effect unless terminated according to the above provision.

Rules and Regulations:

- All the projects will be developed by the students under the guidance of company trainers in the college campus.
- The company proposes for ALL BRANCHES projects fee, per Candidate depending up on the selected domain.
- If any dispute or difference of any kind whatsoever where to arise between INSTITUTION and COLLEGE, authorized HR of the INSTITUTION May Approach the Principal of COLLEGE.

Principal
Scient Institute of Technology
Ibrahimpatnam, R. R. Dt - 501 406

The implementation of this MOU shall be renewed annually & however the MOU will be in force for 5 years.

Now, therefore this Memorandum of Understanding is signed on this Date: 5th March 2018, subject to such corporate approvals deemed necessary and shall remain in effect unless terminated in accordance with the above provision.

5. Top quality material to extract the best outcome during the placement activity.
6. Highly professional and experienced training facilitators.
7. Enthusiastic team with detailed subject knowledge.
8. High end focus on the latest assessment patterns of top MNCs.

Scope of the MOU:

The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

Curriculum Design: Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

Skill Development Programs:

- First Party to train the students of Second Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein.

Mutual obligation

Both parties shall maintain confidentiality about any information, plans, discussions, strategies or any material which shall be deemed to be confidential and marked accordingly.

Limitations and Warranties

- a. Neither party shall make, revise, alter or otherwise diverge from the terms, conditions or policies which are subject to this agreement without a written amendment to this agreement.

- b. Each party represents that they have the full power and authority to enter into this MOU in general.

General:

- a. College/Institution is responsible for taking and maintaining strict attendance of the students for the entire duration of the training program.
- b. Institution is also responsible for the food & accommodation of the trainers.
- c. Any dispute under this MOU will be settled through arbitration, if necessary.

Validity:

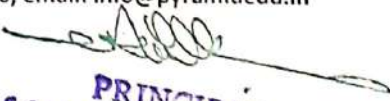

This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period PYRAMID, the First Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of Training & Placement, the First Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU

Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

Relationship between the parties

It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

CLAUSE 1 CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design to Corporate Training:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

- 2.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of domain **Artificial Intelligence, Machine Learning, Robotics, Augmented Reality, Block Chain, VLSI, Embedded Systems.**
- 2.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies like python, R programming, IoT in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.8 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for at least 15-20% of the students. The Second Party will itself absorb at least 15 percentage of the trained students.
- 2.9 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.10 There is no financial commitment on the part of the **SCIENT INSTITUTE OF TECHNOLOGY**, the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3

INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4

VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Unnathi Learn Systems**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner , Unnathi Learn Systems**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

MEMORANDUM OF UNDERSTANDING BETWEEN

MARAMANISHI TECHNOLOGY,
HYDERABAD

AND

SCIENT INSTITUTE
OF TECHNOLOGY, IBRAHIMPATNAM

This Memorandum of understanding ("MOU") is entered into on the 10th October 2018 by and between MARAMANISHI TECH, Hyderabad and SCIENT INSTITUTE OF TECHNOLOGY, Khanapur Village, Ibrahimpatnam. (TECH CONSULTANT and COLLEGE are here in after referred to individually as "Party" or collectively as "Parties").

This Memorandum of Understanding has been drawn up between TECH CONSULTANT and COLLEGE to provide Academic Project Implementation (TRAINING, MINI & MAJOR PROJECTS) for all branches students, for possible joint initiatives. With the purpose of supporting the common goals of both managements, enabling collaborative actions to be planned and implemented, and making effective use of the complementary strengths of both organizations.

TECH CONSULTANT pledges to support COLLEGE in this regard and provide it with advice and resources within its means to ensure successful implementation of project training program and achievement of its objectives.

In Case TECH CONSULTANT and COLLEGE have differences concerning the implementation of the project training programme they undertake to resolve them through dialogue and discussion. In case such differences cannot be resolved either party can terminate this Memorandum of Understanding by giving FIFTEEN DAYS notice in writing to the other party and make such termination public only after it has taken effect. This Memorandum of Understanding will remain in effect unless terminated according to the above provision.

Employability • Innovation • Excellence

Each student demonstrates strength of character and is college and career ready

Memorandum of Understanding

SCIENT Institute of Technology

PERIOD: June 2018 – June 2019

I. Background and Introduction

This document defines the relationship of the **SCIENT Institute of Technology** and **Vermac Labs a Initiative of Team247 Informatics**. **SCIENT Institute of Technology** mission is that each student demonstrates strength of character and is college and career ready. **CEIE** vision is to develop a highly trained students and an engaged community dedicated to educating each student for a 21st century, multi-ethnic, global economy.

The Center's academic program is designed to provide its students with education and training that combines rigorous academic and technical curricula focused on specific in-demand industries and careers that will increase participants' employability in high-growth, in-demand occupations and industries and prepare them for post-secondary education as well as support the science, technology, engineering and math (STEM) industry related occupations.

1 | Page

PRINCIPAL
SCIENT Institute of Technology
Abrahammatnam, R. R. D.

CEIE has built partnerships, bringing comprehensive resources and services in these key areas:

- Standard Subjective Advanced Academic Learning Programs
- Self-Paced Learning Management with LMS
- Work Based Learning Placement (WBL)
- Internship Opportunities
- Apprenticeship Opportunities
- Innovation Training & Capability Improvement Programs
- Entrepreneurship Learning Programs and Launch pads
- Research Projects & Funding Assistance
- Career Mentoring
- Hands-on Occupational Skills Training (OST)
- Job Readiness Skills Training
- Sustainability

I. Purpose

The purpose of CEIE is to develop highly trained students and an involved community dedicated to educating each student in the 21st century, multi-ethnic, global economy.

CEIE needs Institution support in these key areas:

- Attending Monthly standing status meetings
- Conducting Internship / Apprenticeship Campus Drives
- Providing required infrastructure as mutually agreed
- Career Mentoring – Staff Engagement support
- Work Based Learning Schedule Co-ordination
- Mutual Funding & Student Co-ordination in Participation
- Representation & Reciprocity with Valuable Feedback
- Cross Engagement Support during the need
- Talent Identification and Program Enrolments

CEIE – Program Institutional MOU

PRINCIPAL
Belant Institute of Technology
Thiruvananthapuram, K. R. Dt. - 501 50

2

CEIE's goal is to offer multiple educational and career pathways that help participants' transition into employment or post-secondary opportunities, such as higher education, long-term occupational skills training and/or apprenticeship.

Vermac Labs seeks to support the CEIE goals by agreeing to work together to accomplish the following goals: All signing parties agree with and support the **Institutional Improvement and Student empowerment Initiatives**, which strongly aligns with the CEIE vision for **SCIENT Institute of Technology**.

II. Core Elements of the SCIENT Institute of Technology

- **Integrated Academic and Career-Focused Learning:** Grants will provide students with education and training that combines rigorous academic and career-focused curriculum to increase students' employability in in-demand industries and prepare them for employment, post-secondary education, long-term occupational skills training, or registered apprenticeships.
- **Work-Based Learning and Exposure to the World of Work:** Strong partnerships will provide work-based learning opportunities. In addition to actual work experience, youth participants will also participate in field trips, job shadowing, or other types of opportunities that provide students with exposure to different career paths and prepare them for the world of work.
- **Robust Employer Engagement:** Employer partners will provide work-based learning and mentoring, creating a path for students to in-demand industries and occupations including those in information technologies, advanced manufacturing and other science, technology, engineering and math (STEM) fields. Employers will also work closely with schools on professional development and training for staff to drive the sustainability of the program over the long term.

- **Individualized Career and Academic Counselling:** As an integral part of the program design, students will be provided with individualized career and academic counselling experiences to strengthen their career and post-secondary awareness and explore opportunities beyond high school.
- **Integration of Post-secondary Education and Training:** Students will participate in education and training, while they are still in high school that leads to credit toward a post-secondary degree or certificate and an industry-recognized credential, where appropriate.

III. Responsibilities of Parties

All Signing Parties agree and understand the following:

1. **Vermac Labs, SCIENT Institute of Technology (CEIE)** will administer the Grant as fiscal agent and oversee all Implementation Grant activities and adhere to all guidelines for grant utilization given by the grantor and the Vermac Labs.
2. Each signing party is committed to sharing project data and measures of progress on indicators with each other and with evaluators, within all applicable rules and regulations protecting individual rights.
3. Each signing partner is committed to assisting with developing an effective sustainability plan that will a) focus on professional development during the grant period (b) a plan that outlines how the program will be designed to build capacity and continue to provide the same level of instruction and support to participants whose participation will extend beyond the grant period.

V. Period of Performance

The period of performance is 2 year for performance Improvement and 3 years for student empowerment Planning Grant with an anticipated start date of April 1, 2018. This performance period includes all necessary implementation and start-up activities, with a nine-month planning and implementation period for grantees starting programs in the academic year 2018.

VI. Amendments/Modifications

From time to time, **SCIENT Institute of Technology, CEIE and Vermac Labs** may mutually consent to changes in the **Scope of Work** or any other aspect of this Agreement. Such changes shall be incorporated in written amendments to this Agreement and signed by the duly authorized representatives of all parties. This Agreement may be modified only by a formal, written modification signed by authorized representatives of the CEIE and **Vermac Labs**. All changes to the **Scope of Work** and/or any other aspect of this Agreement shall be agreed upon and mutually accepted via contract amendments executed by the CEIE and **Vermac Labs**.

VII. Access to Applicable Records

Vermac Labs agrees to preserve all its records for two (2) years after the completion of the grant under this Agreement and further that any specifically authorized representative of the CEIE shall have access to and the right to examine any directly pertinent books, documents, and records of **Vermac Labs** involving transactions related to this Agreement.

VIII. Right to Audit

Vermac Labs agrees to give the CEIE through any authorized representative, the right to audit all records, books, papers, or documents related to the Agreement for up to three (3) calendar years after the completion of this Agreement.

IX. Publication of Results

Should the parties to this Agreement decide that it would be advantageous to publish the results of this cooperative undertaking, the determination of same shall be made jointly and agreeable to each party. Publication by either party shall give proper credit to the other party.

X. Entire Agreement

This Agreement (and all documents incorporated herein) constitutes the entire agreement between the parties with respect to the subject matter and supersedes all prior and contemporaneous agreements, representations, statements, negotiations, and undertakings, whether oral or written.

IN WITNESS WHEREOF, the CEIE and Vermac Labs have executed this Agreement as of the date written.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter called as the 'MOU') is entered into on this the 20th December, 2018, by and between

SCIENT Institute of Technology, the first party, represented herein by its Principal of SCIENT Institute of Technology, Dr. G. Anil Kumar (hereinafter referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

AND

FRAX ELECTRO SYSTEMS, of all Electrical & Electronics Lab Equipment's, Test & Measuring Instruments, the second party, and represented herein by its Managing Director, Biradar Baswaraj, (hereinafter referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party') as

WHEREAS:

- A) First Party is a Higher Educational Institution named:
 - (i) SCIENT Institute of Technology
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- E) Frax Electro Systems, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of – *Software Development, Testing, Consultancy, Training & Development, Placements.*
- F) Frax Electro Systems is having its corporate headquarters located at Hyderabad & it is an emerging software & software enabled services company delivering services through its branches in PAN India.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE - 1

CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE - 2

SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design to Corporate Training:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

SCIENT INSTITUTE OF TECHNOLOGY

Ibrahimnagar, R.R Dist - 501506

(Approved by AICTE & Affiliated to JNTUH, Hyderabad)

- 2.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of domain **Artificial Intelligence, Machine Learning, Robotics, Augmented Reality, Block Chain, VLSI, Embedded Systems.**
- 2.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies like python, R programming, IoT in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.8 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for at least 15-20% of the students. The Second Party will itself absorb at least 15 percentage of the trained students.
- 2.9 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.10 There is no financial commitment on the part of the **SCIENT Institute of Technology**, the First Party to take up any programme mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE - 3

INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE - 4

VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **Frax Electro Systems**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **Training Partner**, **Frax Electro Systems**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU.
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

To

The Branch Manager,

Vermac Labs,

Hyderabad.

Dear Sir,

Sub: Request for your kind permission to undergo internship by III rd year B.Tech students – Reg-

It gives me pleasure to share that, Scient Institute of Technology, Ibrahimpattanam, Hyderabad affiliated to JNTUH established in year 2001. It is believed that the hands-on approach and experience in the various aspects of industry and manufacturing plants to the students enrich their knowledge and in this context, the 3rd year students are permitted to go industries to undergo internship which is also part of their curriculum. It is learnt that Vermac Labs is offering internships to engineering students in the selected areas. In this context request you to permit our students to do internship in the Vermac Labs.

Thanking you Sir,

Yours sincerely,

INTERNSHIP -OFFER LETTER

To

The Principal,

Scient Institute of Technology,

Ibrahimpattam,

Hyderabad-501506.

Respected Sir,

We are pleased to intimate that we have received a request from you for III year student's internship training Program. Herewith we accept and permit your student to undergo training and the performance is evaluated and each student is certified. The students have to fulfill the regulations set by the industry.

Thanking you

Date: 28.05.2018

Yours truly,

Anil Reddy V

Ibrahimpattanam. R.R Dist - 501506

(Approved by AICTE & Affiliated to JNTUH, Hyderabad)

02.07.2018

To

The Branch Manager,

Techniq Creations,

Hyderabad.

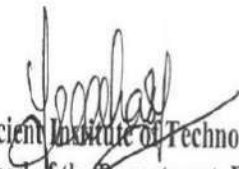

Dear Sir,

Sub: Request for your kind permission to undergo internship by IIIrd year B.Tech students – Reg-

It gives me pleasure to share that, Scient Institute of Technology, Ibrahimpattanam, Hyderabad affiliated to JNTUH established in year 2001. It is believed that the hands-on approach and experience in the various aspects of industry and manufacturing plants to the students enrich their knowledge and in this context, the 3rd year students are permitted to go industries to undergo internship which is also part of their curriculum. It is learnt that Techniq Creations is offering internships to engineering students in the selected areas. In this context request you to permit our students to do internship in the Techniq Creations.

Thanking you Sir,

Yours sincerely,

Scient Institute of Technology
Head of the Department, EEE
