## 5.1.3 Capacity building and skills enhancement

In SCIENT, we keenly observe each and every student and help them to obtain, improve and retain skills, knowledge, tools, equipment, and other resources needed to do their jobs competently. Hence they will improve and shine in all their fields. We will find their strengths and weaknesses then accordingly we give training to enhance their capacity, skills and capabilities. The overall development is the main motto of SCIENT so we mould our students by giving them skill enhancement programs in the art of knowledge by not only giving awareness through books but also through many extracurricular activities, including arts and literature.

5.1.3. Capacity building and skills enhancement initiatives taken by the institution [1. Soft skills, 2. Language and communication skills, 3. Life skills (Yoga, physical fitness, health and hygiene), 4. ICT/computing skills]

1.Soft Skills
